

MINUTES
CITY OF CANBY
BICYCLE AND PEDESTRIAN COMMITTEE
29 January 2019
Willow Creek Conference Room
222 NE 2nd Avenue, 1st Floor
Canby, OR 97013

Committee Members Present: Mindy Montecucco, Cliff Ash, Bruce Parker, Doug Rykken and Russ Heinemann

Others Present: Greg Parker, Calvin LeSueur and Ryan Potter

Call to Order: 6:33 pm by Mindy

Minutes of December 11, 2018 Meeting: Approved

New Business:

- Splash Pad – Locations the City Council is considering for a splash pad are Legacy, Maple Street and Wait Parks. There are adequate sidewalks and bike lanes for access to Legacy and Wait Parks. Maple Street would need to be improved by having bike lanes and sidewalks installed. For families walking or biking, crossing 99E could be an issue for some. Having splash pads on both the north and south of 99E would eliminate that concern.
- Clackamas Bike/Ped – Bruce presented a list of possible projects that the county committee was considering.

Old Business:

- Canby Ferry/Bridge – Greg said that the bridge option is no longer being considered.
- Logging Road – Potential stakeholders for improving the logging road was discussed. The listing includes Canby City Council, Clackamas Board of Commissioners, Molalla River Watch, Oregon Equestrian Trails, Portland Saddle Club, Canby Chamber of Commerce, Portland Wheelmen, Salem Bike Club, Boy Scouts, Northwest Trail Alliance, 4-H Clubs, Clackamas Event Center (Fair Ground), Canby Gun Club, Clackamas Bike/Ped, Logging Road Residents.

Safe Routes To Schools (SRTS):

- Doug presented a School Action Plan for Trost Elementary School resulting from the SRTS walk audit done October 26, 2018. See www.clackamas.us/engineering/srts.html for more information.

Update From Senior Planner:

- Matilda is at the meeting in the city council chambers for a proposed splash pad.

Development Update:

- None

Adjourn: Meeting was adjourned at 7:28 pm. Next meeting is February 26, 2019 at Willow Creek Room.
