3. PUBLIC COMMENT

None

4. NEW BUSINESS

5. OLD BUSINESS

· Parks and Rec Master Plan Steering Committee Update

Mindy and Jamie met with Barry Johnson, Parks and Rec Board Chair in an effort to coordinate communication and efforts effectively and efficiently. The meeting went very well. A liaison member from BikePed committee as well as BikePed Chair are welcome and encouraged to attend Parks and Rec Board Meetings. Barry requests concerns be submitted as agenda items in the effort to streamline meetings.

Getting some productive discussion on working between Parks & Rec and Bike/Ped committees

1/18 6:30 there will be a master park plan virtual webinar public meeting

The meeting will be to review public outreach. Mindy will forward invite when it comes out and would like it added to social media.

1/19 there is a City staff meeting regarding Parks Visioning

- MFR Traverso Section Update – Jaime

Jamie is setting up meeting with National Parks Service on planning grant.

- County PBAC Update - Bruce

205 build out and hwy 43 --- this is going to be redone with roundabouts. On the river side will be a wide bike / ped trail.

Russ shared an article on raised crosswalks. The committee also discussed raised crosswalks and it was well received by the committee. Looks to be a good thing and slows cars. Jamie suggested to traffic and safety committee have occasional joint meetings together. Bruce suggested we have liaison. Committee agreed for some coordination efforts.

· Heritage and Landmarks Update - Ron

Not present

6. OUTREACH – Britt

Outreach planned for promotion of Parks upcoming virtual meeting.

7. Sidewalks Update – (Development and SRTS) – TSP Update: 2010 Transportation System

Plan (TSP)

Mindy encourages all to review the plan at the link.

Chapter 1 Executive Summary - reviewed

## Discussed Pedestrian Improvements

Need to strive for connection from Logging Road to Downtown

Need to advocate for better crossing of 99 between North / South sides of the area

## Chapter 2 Goals and Policies

Develop local improvement districts LID's

Develop connector sidewalks and trails connecting existing to fill in gaps

Need to evaluate collector streets bike/ped to arterials

## Chapter 3 Existing Conditions - reviewed

Shared use paths - Should the committee address electric bikes and speed limits?

What about planter strips and taking care of them?

Bruce reminded everyone of the signage request sent to public works for Logging Road. Maybe send it to City Council?

## 8. NEXT MEETING DATE AND ADJORN

8 pm

Next meeting 2/8 6:30 pm

Created with OneNote.
