Approve minutes: Minutes for the Nov./Dec. 2022 and the 1-10-23 meeting were approved as written

Introductions: Herman “Pepe” Maldonado, new Canby City Council member, will be our council liaison

Old business:

Traverso: Cliff points out Traverso section momentum seems to be at a standstill. Committee discussed current status and next steps:

–The far section still needs to be walked with Dan Miller and the neighboring property owners.

–Discussed grant applications to pay for engineering plans likely on hold until Comprehensive Plan and TSP updates completed.

–Per Emma, the Comprehensive Plan Update may not be completed for another 1-2 years.

Sidewalks, other improvements:

–Cliff points out there needs to be a better connection between the logging road and sidewalks in the area of Fred Meyer. Prior plans for an “offramp” from the overpass were discussed, and Pepe will look into where the council left off with this, and whether it was budgeted.

–Gaps in the sidewalks were also discussed. Sidewalk gap strategies and priorities will need to also be addressed in the Comprehensive Plan and TSP updates.

– The intersection at Holly and Territorial is a safety hotspot, which should be addressed in TSP update and should be on the county’s radar too. Mindy will bring this up as a hotspot at the Clackamas County CCPBCAC meeting.

Goal setting 2023:

Three main goals were decided upon:

1. Improved trail connections
2. Sidewalks: (i.e., gaps, safe crosswalks at Holly and Territorial).
3. Outreach. (Safe routes to school promotion, bike and pedestrian safety and promotion, trails and logging road, assist with City and County outreach efforts (surveys, information distribution, etc)

Action items to be determined at the next meeting.
