

City of Canby Bike/Pedestrian Committee Meeting

January 9, 2024

Committee Members Present: Cliff Ash, Russ Heinemann, Mindy Montecucco, Bruce Parker, Britt Ash

Staff Present; Emma Porricolo

Call to Order: 6:32PM

Approval of the Minutes as read

New Business:

Pedestrian Fatality on 99E. Motion made to request information from City staff about all pedestrian involved accidents/incidents in Canby for past five years, if possible, and on going in the future. Motion seconded and Passed. Emma said she will seek that information from appropriate person on City Staff.

Old Business:

Carrying forward the discussion from the last meeting regarding the lack of attendance by the City Council member assigned as Council liaison to the Bike/Ped Committee. There was agreement on how to approach the issue, whether to go through the City Administrator or go directly to the Mayor. It was decided that the Chair, Mindy, will, by letter or email, contact Mayor Hobson, seeking his guidance on how best to gain the support needed on this issue, as he may not be aware of the Councilor's absence from Committee meetings.

The Logging Road CIP input will be moved to the February meeting.

Outreach-

Britt said that she has posted the opening on the Committee on the Facebook page, and asked about posting in paper.

Staff update:

Emma said there will be a second meeting presenting the Comprehensive Plan on January 24th, 2024, at Baker Prairie School. Information and notice is in the January 2, 2024 email to all committee members from Emma.

Next meeting date:

February 13, 2024

Next minute taker: Britt Ash

Meeting adjourned 6:30 pm.
