New Business: none

Old Business:

Annual Goal setting:

1. Sidewalk and Sidewalk gap connectivity;
2. Logging Road Maintenance ;
3. TSP update.

City Council and Staff Reports:

Councilor Stearns spoke regarding the intergovernmental agreement with Clackamas County with regard to the Traverso Project. He is pushing for a work session, and suggested for going for public comment on the future of the project. Looking at adding a street access to trail to allow emergency vehicles, and by doing that might qualify for highway funds.

He also recommended that the committee attend city council and at the public comment period talk about the committee's priorities, ie Sidewalks, biking and the Traverso project.

Emma will research who will pay for sidewalk infill, city or state. Also the recent death of pedestrian by train might impact support for improved sidewalks.

The Walnut Street extension moving forward with construction planned for 2025.

Emerald Necklace plan.. Currently there aren't curb cuts at the end.
