

#### BUSINESS LICENSE APPLICATION OVERVIEW

Thank you for choosing to locate or keep your business in Canby. The City is committed to your success. If you have questions or need assistance with the application or permitting process please call 503.266.0601. If you would like to conduct business in Canby you will need to have a business license and renew annually by your anniversary date. The annual fee is \$50.00. Please complete this application and return it to Canby City Hall at PO Box 930, 222 NE 2<sup>nd</sup> Avenue, Canby, OR 97013.

- In order to avoid any delay or complications, please contact the City of Canby's Development Services Department early in your decision-making process and especially prior to signing a lease or purchasing property. It is important for you to ensure the zoning and your proposed use of an existing building is appropriate for the business you plan to operate. The Development Services Department is located at 222 NE 2<sup>nd</sup> Avenue or may be reached by phone at 503.266.7001.
- If your business is in a home or building within the City Limits the Fire Department, Development Services Department/Building, and Police Departments must approve your business license application.
- Please fill out your Business License form and other appropriate forms for your business. This can
  include the Home Occupancy form, and Contractors and Subcontractors form (if applicable). Staff
  can advise you on the right set of forms for your business. Next, submit the application and fee to
  City Hall.
- Once a complete application is submitted the City can process and issue your Business license within 15 business days.
- Change of Ownership: If a business changes ownership a new City of Canby business license
  application will need to be completed. If the business is within the city limits, departmental
  approvals will need to be obtained.
- If the Federal Tax ID number changes, a new business license will be required.
- Business Relocation (Inside City Limits): If you relocate your business inside the city limits of Canby, you are required to update your current City business license by completing a new City of Canby business license application and obtaining departmental approvals.
- Business Relocation (Outside City Limits): If you relocate your business outside the city limits of
  Canby, and are actively doing business in Canby, you are required to update your current City
  business license by completing a new City of Canby business license application. No departmental
  approvals are required.

#### **Application Instructions:**

- Enter the name under which you do business.
- Enter the physical business address.
- Enter the mailing address, if different.
- Enter the main business phone number, website address (if applicable) and email address.
- Enter the owner's name, contact phone and address.
- Enter the nature of your business.
- Do you own or lease your building/space and if so, what is the square footage of space that is owned/leased.
- Indicate whether your business is a home-based business within the Canby City Limits and how many
  customers you have on a daily basis. If home-based, return the Home Occupancy Regulation
  form.
- If you lease property for your business, list information for the property owner.
- If you have an alarm system, please indicate what type. If so, an alarm permit is required by the Police Department.
- List two emergency contacts, with phone numbers, in addition to the Owner/Manager's number.
   Enter if you have employees, number of FTE (if applicable) or if you are self-employed.
- Sign and date the application confirming the information provided on the application is true and complete to the best of your knowledge. Include the business federal tax ID number which is used for Transit Tax purposes.
- If you are a contractor, your CCB number is required. Landscapers need to supply their LCB. Indicate
  the expiration date. Complete the Contractor's/Landscaper's Board Statement of Registration and City
  of Canby Contractors and Subcontractors Regulations.
- Note to Contractors and Subcontractors: Pursuant to Canby Municipal Code Chapter 5.04, section 5.04.150 Contactors and Subcontractors responsibility states that it shall be the responsibility of all general contractors, utility companies and subcontractors working in the city to obtain a business license. It shall further be the responsibility of all general contractors and utility companies working in the city to provide a list of all names and addresses of subcontractors under their direction. Failure of any subcontractor to obtain a license may result in a stop work order on any project within the City's jurisdiction.

If you believe you are exempt from paying a business license fee, proof of exemption must be provided with the returned application. For example, non-profit organizations should attach a copy of their IRS "Letter of Determination" or 501(c)(3).

#### STARTING A BUSINESS?

Visit the Secretary of State's Corporation Division Business Information Center on the Internet! http://www.filinginoregon.com

The Business Information Center publishes a guide that provides basic information and a general checklist to guide you through the process of starting a business in Oregon.

## CITY OF CANBY HOME OCCUPATION REGULATION CANBY MUNICIPAL CODE 16.04.240 HOME OCCUPATION

"Home Occupation" means a lawful activity commonly carried on within a dwelling by members of the family occupying the dwelling with no employees or other persons being engaged provided that:

- A. The residential character of the building is maintained;
- B. The activity occupies less than one-quarter of the ground floor area of the building;
- C. The activity is conducted in such a manner as not to give an outward appearance nor manifest any characteristic of a business in the ordinary meaning of the term nor infringe upon the rights of neighboring residents to enjoy the peaceful occupancy of their homes. Business visitors to the premises shall not exceed eight (8) per day and delivery trucks shall not exceed one (1) per day;
- D. The occupation shall not be carried on in an accessory building of the residence where the building is larger than six hundred (600) square feet;
- E. No signs are permitted except for a single un-illuminated nameplate not to exceed two (2) square feet in area (on the exterior of the building or window).
- F. All home occupations require a City Business License if the home is located within City limits.

#### CANBY MUNICIPAL CODE 16.16.020 CONDITIONAL USES

Home occupations which otherwise meet the strict definition of Section 16.04.020, but which involve the manufacture of products, nonresidential storage of goods, or any activity which is likely to increase traffic, may be allowed with a Conditional Use Permit.

- 1. A Conditional Use Permit Application fee is \$2,080.00
- 2. All Conditional Use Applications must go before the City of Canby Planning Commission

#### HOME OCCUPATION BUSINESS LICENSE AFFIDAVIT

# CAT Canby Area Transit Taxes

#### A guide for businesses

#### Please provide this information sheet to your Accounting/Payroll Administrator

The Canby Area Transit District is bounded by the limits of the Canby Urban Growth Boundary – an area including and extending somewhat beyond the city limits of Canby. Similar to other local transit districts such as Wilsonville, Sandy and Molalla, Canby is separate from the Tri-Met transportation system and charges a lower tax rate.

#### **Employer Payroll Transit Tax**

All employers, including businesses headquartered outside the district, that pay wages earned in the local transit district must file payroll tax returns with the City of Canby. The transit tax is imposed directly on the employer. The tax is figured only on the amount of gross payroll for services performed within the local transit district. This includes traveling sales representatives and employees working from home.

#### Self-Employment Transit Tax

Also subject to the tax are the earnings of self-employed individuals, sole proprietors, independent contractors, real estate agents, members of a partnership, and certain LLC's who have earnings from doing business or providing services in the local transit area. If you also have earnings from *outside* the district, you must use a reasonable method of apportionment to calculate your tax liability.

#### Where do I start?

When you obtain a Canby Business License, a Canby Transit Tax account will also be set up based on the tax classification indicated on your Business License application. Some businesses may be subject to both tax types. If you are working outside the city limits but within the urban growth boundary you are not required to have a business license; however you are still required to file and pay transit tax. If you are not required to have a city business license, please contact the Transit Tax office to be issued a tax account number.

#### How and when do I to file?

Payroll forms are sent out quarterly and are due no later than the last day of the month following the end of the quarter. Annual self-employment forms are sent annually and due no later than April 15 each year. Forms and instructions are also available on the CAT Tax web page. You are still required to file a return even if you have zero tax due. If you use a payroll service or a tax preparer, please be sure they are aware your business is subject to Canby transit taxes.

#### What is the tax rate?

The tax rate is 0.6 %. That is \$6.00 for every \$1000 of taxable wages (multiplication factor = .0060). Additional penalties, interest and fees may also apply to late or incomplete filings.

#### **Exemptions and special circumstances**

#### Wages exempt from transit taxes:

- Federal credit unions
- public school districts
- entities with a 501(c)(3) designation (except hospitals)
- · domestic service in a private home
- religious organizations, including churches
- Ministers: Compensation received by a minister or member of a religious order when performing religious services is not subject to this tax. However, compensation received for performing religious services as an independent contractor is subject to this tax.
- Insurance Agents: Insurance related income is not subject to the tax. However, non-insurance related
  earnings are subject to this tax.

**Partnerships:** The individual self-employed members of the partnership are responsible for filing and paying the tax. However, a partnership may choose to file one transit self-employment tax return and pay the tax for all of its individual partners.

**Corporation distributions:** C-Corp and S-Corp distributions are not subject to this tax. However, all employers who pay wages for services performed in the local transit area must pay the transit payroll tax. This includes corporation officers who must receive reasonable compensation for services performed.

Annual Payroll Filing: Annual (rather than quarterly) payroll tax reporting may be authorized for businesses whose reporting history indicates the business does occasional work within the local transit area resulting in tax due of \$120 or less per year, or an average of \$30 or less per quarter. If you would like to switch to annual payroll reporting please contact the Transit Tax office.

Tax forms, instructions and additional information, such as a Canby Urban Growth Boundary map, can be accessed from our web site at:

www.canbyoregon.gov/transportation/transittax.htm

Tax filings, payments and correspondence should be mailed to:

recycling program.

#### A message from the City of Canby

# Clackamas County businesses are required to recycle.

The City of Canby, Metro and Clackamas County have adopted Business Recycling Requirements to increase recycling in our region. The ordinance requires local businesses to recycle all types of paper and certain containers such as plastic bottles, aluminum cans and glass. In passing this ordinance in November 2009 the City of Canby reaffirms the City's commitment to reducing the impact of the community on the environment.

Clackamas County staff can help your business take the right steps to meet these new requirements.

## A Recycling Specialist can help you:

Recycling Specialists are ready to help

your business with free, customized

service to design a comprehensive

Analyze your waste stream.

Set up recycling service or work with your custodial staff.

Get tips on reducing waste and purchasing sustainable products.

Get training and educational materials for your employees.

Share practices to engage staff.

#### Did you know ...

Businesses generate over half of the waste in our region. On an average year, businesses still send more than 100,000 tons of recycleable paper and containers to our landfill.

Recycling can help your business reduce costs and help create jobs!

### **Environmental Survey**

#### **INSTRUCTIONS and DEFINITIONS**

The City is required by federal regulations to survey its businesses and inform them of pretreatment standards and requirements.

#### The Wastewater Industrial Pretreatment Program

The City's pretreatment program is responsible for preventing harmful pollutants from entering the sanitary sewer system. The purpose of the notification package is to familiarize new and existing industrial users with the City of Canby's Pretreatment Program implementation procedures and its Sewer Use Ordinance, Number 1413.

Ordinance 1413, sets forth uniform requirements for users of Publicly Owned Treatment Works (POTW) for the City of Canby and enables the City to Comply with all applicable State and Federal laws including the Clean Water Act (Act 33 U.S.C. 1251 et seq.), the General Pretreatment Regulations (40 CFR Part 403) and Oregon Administrative Rules (OAR) Chapter 340. The objectives of this Ordinance are:

- To prevent the introduction of pollutants into the POTW that will interfere with the operation of the POTW;
- To prevent the introduction of pollutants into the POTW, which will pass through the POTW, inadequately treated, into receiving waters or otherwise be incompatible with the POTW;
- To ensure that the quality of the wastewater treatment plant sludge is maintained at a level which allows its use and disposal to be in compliance with applicable statutes and regulations;
- To protect POTW personnel who may be affected by wastewater and sludge in the course of their employment and to protect the general public; and
- To improve the opportunity to recycle and reclaim wastewater and sludge from the POTW;

Dischargers of non-domestic wastewater to the City's sanitary sewerage system need to know and meet applicable pretreatment standards and requirements. All non-domestic sewer dischargers in the City of Canby are mandated by federal, state and local requirements to meet the City of Canby's wastewater system pretreatment regulations and Sewer Use Ordinance 1413.

Sewer Use Ordinance 1413 shall apply to all users of the POTW. The Ordinance authorizes the issuance of wastewater discharge permits; authorizes monitoring, compliance, and enforcement activities; establishes administrative review procedures; requires users reporting; and provides for the setting of fees for the equitable distribution of costs resulting from the program. A copy of the City of Canby Sewer Use Ordinance will be given to interested parties by completing a request for information form at City Hall or you can print a copy from the City of Canby Web page.

#### **COMPLETE ALL QUESTIONS: DO NOT LEAVE BLANKS**

If you need additional space to provide an adequate response to any of the questions, please attach additional pages.

If you have any questions or comments regarding this survey, please contact the following City of Canby staff:

Wastewater/Sewer/Industrial Pretreatment questions: Daryll Hughes- 503-266-1248

#### **Definitions:**

Chemicals are "of or made from or using substances produced by or used in reactions involving atomic or molecular changes". They may include detergents, bleach, cleaners/degreasers, alkaline cleaners, acid sanitizers, paint cleaners, auto/parts cleaners, boiler additives, drain cleaners (sulfuric acid), etc. Even common household cleaners may contain sodium hypochlorite or sodium hydroxide.

**Domestic or Sanitary** discharges (wastewater) are those that are derived from ordinary residential routines in our homes, such as the wastewaters discharged from our bathrooms, kitchens, or utility rooms and are free any special treatment or requirement before being discharged into the public sanitary sewer. "**Other**", for example, could be wastewater generated from a manufacturing process or from steam cleaning vehicle engines, etc.

**Hazardous Material** includes substances that can be toxic (e.g. irritants, asphyxiates, systemic poisons, anesthetics and narcotics) or poisonous, corrosive, explosive, flammable, carcinogenic, biologically active or radioactive.

**Hazardous Waste** is a waste, or combination of wastes, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause or contribute to an increase in mortality or increase in serious, irreversible, or incapacitating reversible illness; or pose a substantial present or potential hazard to human health or environment when improperly treated, stored, transported or disposed of or otherwise managed; and normally not discharged into a sanitary sewer, subject to regulated disposal.

**Industrial Wastes** are solid, liquid, or gaseous waste resulting from any industrial, manufacturing, trade, or business process or from the development, recovery, or processing of natural resources.

**Industrial Discharger:** According the federal and local pretreatment regulations definitions, an "industrial" discharger is any sewer user who discharges any wastewater, to the public sewer, other than domestic wastewater.

**NAICS No.:** This number is referred to as the "North American Industrial Classification System" number (NAICS), can be found on your state quarterly tax report, on Form OQ. In the upper right portion of this form, next to the "Date Received" box, you'll find the "North American Industry Classification System" number. This is your company's NAICS number (formerly the SIC code). If you cannot determine your NAICS number, or if this is a new business, you can call the Employment Department. This agency can provide you with your company's NAICS number. The toll free phone number in Salem is 1-800-262-3912, Ext. 71249 or visit <a href="www.naics.com">www.naics.com</a>. **Please include all NAICS numbers that apply to your business.** 

**Owner** is the legal owner of record as shown on the assessment and taxation records of Multnomah County, or if there is a recorded land sales contract in force, the purchaser.

**Signature**: This form should be signed by a responsible corporate officer, a general partner, or by a duly authorized representative. See 40 CFR 403.12(1) for full definition.

**Stormwater** is surface runoff and drainage associated with rainstorm events and snowmelt. Most stormwater ends up in groundwater or rivers without any treatment.

**Wash water** is water that has been used to clean cars, buildings, engines, pavement, or other objects. Wash water carries pollutants such as soap, detergents, heat, grease, oil, dissolved metals, nutrients, microbes, soil and other particulates.

**Wastewater** is waste carried by water from residences, commercial buildings, industrial plants, and through the sanitary sewer system to a wastewater treatment facility.
