FLORAL AND GROUNDS REGULATIONS

1. Floral arrangements accompanying the casket or urn at time of burial will be placed on the completed grave. Natural cut or artificial flowers may be placed in built-in vases or in plastic cone type vases on graves at any time of the year. They will be removed when they become unsightly or when it becomes necessary to facilitate Cemetery operations such as mowing or trimming.
2. Permitted items are allowed for a period of seven days before and seven days after the following holidays and observances: Easter Sunday, Mother's Day, Memorial Day, Father's Day, Christmas, and the birthday or anniversary of death of the person buried. Items must not extend beyond the perimeter of the headstone.
3. **Prohibited** plantings such as (flowers, bulbs, shrubs, etc.), vigil lights, and breakable objects (including glass or pottery vases) will be removed by the Sexton. 4. The pounding in or insertion of any type of stake or metal rod into the ground anywhere in the Cemetery is prohibited.
5. The Cemetery is not responsible for the theft or damage of any items left on gravesites or at the mausoleum.

BURIAL REGULATIONS

1. The Sexton must be notified 48 hours before any interment or entombment.
2. All burials require a vault or concrete liner.
3. No cremains may be scattered on top of burial sites.
4. All cremains to be buried must be in a non-decomposing container; otherwise, a cremains liner is required.
5. All opening and closing of any nature with the mausoleum will be done by the Cemetery Sexton only. In ground burials must be supervised and approved by the Cemetery Sexton.
6. Each full size gravesite may be used for one full burial and one cremation, or two cremations. Two full burials are not allowed.
7. As described below, a person may reserve a space in the cemetery for their future burial. In such cases, if a person to be buried is not the person for whom the space is reserved, the representative of the person to be buried must establish the right to burial to the satisfaction of the Sexton.
8. Fees for services and liners must be paid after scheduling but before the burial or entombment.
9. The Cemetery reserves the right to refuse full burials in the Old Section due to ground stability and other issues. Cremains burials are recommended in this section.

PROPERTY PURCHASES AND TRANSFER

1. Gravesites and mausoleum spaces may be purchased at any time in advance of need. Purchases are generally made at the Cemetery. A Certificate of Title will be issued by mail upon completion of recording at the City of Canby. Time payments are not allowed.
2. Reselling property, except back to the City, is prohibited. Should the owner wish to rescind ownership, the City will buy back the property at the original selling price. A signed written request along with the Certificate of Title is required.
3. Title may be transferred to relatives or heirs by submitting a written request along with the original Certificate of Title and a \$100.00 recording fee. In the event the original title is no longer available, other documentation and/or signed affidavits may be accepted, at the discretion of the City Recorder. If the person requesting the transfer is not the original owner, they must prove their right to make the transfer.

MEMORIAL MARKERS (HEADSTONES)

1. The Sexton must be notified 48 hours before any memorial marker can be set in Cemetery and should be approved and inspected by the Sexton before and after installation.
2. All memorial markers must have a concrete border with total width not exceeding 2 feet. For example:
 - On a 24" x 12" stone the pour will be 36" long x 24" wide
 - On a 36" x 12" stone the pour will be 48" long x 24" wide (**not allowed in sections E, F-East and F-West 1**).
 - On a 48" x 12" stone the pour will be 60" long x 24" wide (**only allowed for side by side double plots**).

This results in a 6” border of concrete unless a vase is added to the top of stone, in which case the borders would be 8” on top and 4” on the bottom. Additional vases can be placed to the side of the headstone if space is available.

3. All memorial markers must be placed on the gravesite so it will be read facing east.
4. Either flat or upright markers are allowed in the Old Section as well as in the following blocks of the New Section: H, K, N, O, P, S, T, and U. New Section F West is reserved for upright markers only. All other blocks in the New Section, as well as all child, baby and cremains plots are limited to flat memorial markers only.
5. No rock or rock products will be allowed as a border around memorial markers.
6. Only one memorial marker is allowed per gravesite.
7. No foot markers are allowed.
8. Temporary markers will be removed after six months.
9. Memorial markers that have been removed due to disinterment/relocation or marker exchange will be destroyed and disposed of after three months if not claimed and removed by the owner(s).
10. The Cemetery assumes no obligation to repair or pay for repair of memorial markers that are caused by vandalism or age decay. The Cemetery is willing to work with owners to arrange necessary repairs to concrete border settings that were installed at the Cemetery.
