Our Library needs all the Friends it can recruit! We want to keep programs available, books and materials in the hands of the community and children. There are so many new program opportunities that are free and educational as well as the **new Career Center**. The Maker Lab and Seed Library just opened last year and the new Teen Room Manga/Anime wall installed.

Libraries are more than books. Join the Friends and support the free incredible community programs, Cultural Pass Express, Library of Things and Lucky Day collections, Manga & Anime programs and Bilingual Storytimes and more. The Friends pledged \$30,000 for the 2025-26 Canby Library programming budget.
