CANBY PUBLIC LIBRARY

ADVISORY BOARD MEETING MINUTES

January 20, 2026

Present: Aimee Noss (Chair), Tiffany Mach, Zoe Myers, Jen Kraxberger, Kristi Smith, Zoe Myers, Paul Waterman (Council Liaison), Linnea Stormo (Teen Liaison), Amber Quinn (Library Manager), and Marisa Ely (Library Director).

Absent: Lois Brooks.

The meeting was called to order at 6:00 p.m. by Aimee Noss, Chair.

November 2025 minutes were approved as written. Motion made by Linda, Second by Zoe. All in favor. Opposed: None.

Public Comments. None.

Information Reports

Council Liaison Report.

The City's mid-year budget review is coming up on February 4th. Attend or watch if you can.

Chair Report. None.

Board Member Reports. None.

Library District Advisory Committee (LDAC) Report. None.

Library Director Bi-monthly Report.

See attachment.

The self-checks delivery has been pushed back to April/May.

The Directors Group will be discussing the possibility and impact of autorenewals.

LINCC will be participating in *One Book, One Coast*, which is like a Community Reads program for the entire West Coast. The chosen book is George Takei's, "They Called Us Enemy" and the program will take place between March and May of this year. Because several LINCC libraries put on their own *Community Reads* programs, including Canby, LINCC libraries will be participating if they can, in ways they can. For example, some libraries will purchase extra

copies of the book, while others will put out displays or create a related program. The *One Book, One Coast* committee is also looking into getting an unlimited license for the book on Libby for a period of time.

Teen Liaison Report.

Canby High School is expecting more budget reductions for next school year.

Last Tuesday, there was a walkout to raise awareness and give a voice to victims and survivors of sexual assault. The school is partnering with Clackamas Women's Services on resources for students.

Friends of the Library Report.

There is a new Friends board, and a new committee running the bookstore now. Some volunteers have struggled with the changes.

There will be a big book sale coming soon.

Discussion Items

LDAC Annual Progress Reports.

The board went over three annual progress reports for FY 21-22, FY 22-23, and FY 23-24 before being submitted to LDAC. These reports are mandatory as written in the Library District IGA:

2.3 Cooperation and Reporting.

Each Library City will cooperate to the maximum extent practicable with other participating Cities to form standardized rules, procedures, and programs that affect the District and the provision of library services in Clackamas County as a whole. Each Library City will provide the District with (i) copies of its annual report to the State of Oregon regarding the provision of library services, (ii) a report on its efforts to meet OLA Threshold Standards as defined on Attachment C, and (iii) any supplemental reports that the District through both the District Advisory Committee and the District Board may require.

The board had questions and concerns about the increases in allocated costs each year (ie. Internal Charge-Facilities, Internal Charge-Tech Services, O/H to General Fund for things like HR, legal, finance, etc.).

Internal Charge-Facilities:

FY 21-22: \$64,013

FY 22-23: \$91,410

FY 23-24: \$83,775

FY 24-25: \$115,858 (for reference, will be on future progress report)

FY 25-26 (budgeted): \$106,946 (for reference, will be on future progress report)

Internal Charge-Tech Services:

FY 21-22: \$23,798

FY 22-23: \$65,420

FY 23-24: \$40,231

FY 24-25: \$52,700 (for reference, will be on future progress report)

FY 25-26 (budgeted): \$84,000 (for reference, will be on future progress report)

*Keep in mind that the library has two separate charges for tech services. The first is the Internal Charge-Tech Services (for staff computers and tech) from the City of Canby. The second is for LINCC Tech Services (for patron computers and tech).

O/H to General Fund:

FY 21-22: \$172,409

FY 22-23: \$204,980

FY 23-24: \$193,407

FY 24-25: \$233,246 (for reference, will be on future progress report)

FY 25-26 (budgeted): \$177,855 (for reference, will be on future progress report)

If LAB members are interested, they should attend the mid-year budget review on February 4th and the budget committee meetings in May to talk about these increases and other issues. It's important for the Canby community to learn about the budget issues the library is facing and to communicate with the budget committee and/or City Councilors.

Libraries are doing more than they ever have before. For example, the library has a Seed Library, a Library of Things collection, a new Maker Lab, and grant-funded Career Center. LAB members discussed how to communicate urgency when library patrons don't feel it because

staff are doing a lot with the resources they have. How can the library impact the community? What does the community want that the library can't do to meet their needs? Perhaps folks can post more information on social media, like a screenshot of wait times or holds lists to show the community that the library needs more funding in many operational areas.

Marisa will work on a list of what would happen if the library's General Fund contribution was cut by \$50,000-100,000.

Joint Meeting Planning.

Meeting Date/Time: Monday, February 2, 2026, from 6:00–7:30 p.m.

Location: Council Chambers

DRAFT Agenda:

- Brief 5–10 minute presentation from each group/organization, including introductions, an overview of the group's work and support for the library, future goals, and any current issues
- Each group/organization will prepare a few basic slides that we can have up on the screens in Council Chambers. Marisa will complete the slides for LAB.
 - Slide 1 - Title Slide with Group/Organization Name
 - Slide 2 - Introduction of Group/Organization Members
 - Slide 3 - Overview of Group/Organization's Work & How It Supports the Library
 - Slide 4 - Current Issues
 - Slide 5 - Future Goals
- 5–10 minutes of questions/discussion following each presentation
- Group discussion on how our support organizations can collaborate to strengthen the library and one another
- Social time

Future Discussion Topics.

Marisa reminded LAB members to fill out the short survey on future discussion topic priorities by January 23rd.

Action Items

- LAB members will fill out the Future Discussion Topics survey by January 23rd.
- Marisa will complete the LAB slides for the Joint Meeting on February 2nd.
- Marisa will work on a list of what would happen if the library's General Fund contribution was cut by \$50,000-100,000.
- Future meeting discussion and tasks:
 - OLA Threshold Standards Review (February)
 - LAB Duties and Powers
 - 4/9/25 Ethics Training
 - **The training is about 2.5 hours and can be viewed [here](#).
 - Civic Engagement Academy Presentation
 - Review *Handbook for Public Library Board Members*

Announcements

There being no other concerns, reports or questions, the meeting adjourned at 7:00 p.m. The next meeting is scheduled for Tuesday, February 17, 2026, at 6:00 p.m. in the Council Chambers or via Zoom.

Respectfully submitted,

Marisa Ely

Canby Public Library

Oregon Library Association Public Library Standards
Score for Canby Public Library, February 2026

Submitted by: Marisa Ely, Library Director

Background

The full Standards are available at <http://www.olaweb.org/pld-standards>

Who developed this tool?

The Oregon Library Association (OLA), which is the professional association for all libraries in Oregon, the Public Library Division (PLD) of OLA, OLA leadership, and the State Library of Oregon developed these standards using established best practices and research from throughout the profession. National assessments such as Edge Initiative and Project Outcome, and other statewide standards for public libraries are reflected in the PLD Standards.

What do we do with this information?

The Standards are a tool to help library stakeholders assess best practices, understand the library's current status, define future goals, and plan next steps. They should be considered alongside the library's Strategic Plan and community and city priorities when identifying areas for improvement. Because indicators evolve over time, the Standards should be viewed as a flexible, evolving guide rather than a static checklist.

How are the PLD Standards organized?

As a precursor to the Standards, there are 11 minimum legal requirements for public libraries in Oregon. Next, there are seven sections (Governance, Staff, Materials, Services and Programs, Technology, Community Engagement and Advocacy, and Facilities). Each section has sub-categories. These are what we are calling the Standards; there are 19 Standards, which are still rather broadly stated.

The Standards are broken down further into 52 total indicators, and from there into 319 attributes. The attributes under each indicator are grouped into "essential", "enhanced" and "exemplary" levels.

- *Essential*: the basic level; library programs, services, and other aspects are adequate to meet the needs of its community.
- *Enhanced*: this level recognizes programs, services, and other aspects of a public library that stand out compared to their peers.

- *Exemplary*: this level recognizes public libraries for being state and national leaders.

Every library should strive to meet most, if not all, the *Essential* attributes for each Indicator for each Standard.

How are the PLD Standards scored?

Scores for Canby Public Library were calculated by assigning one point per attribute to illustrate strengths, weaknesses, and growth opportunities. While some of the Standard's attributes are easily measured, others are more subjective.

Scoring Summary

Canby Public Library scores for 2025:

- Meeting 100% of the minimum requirements for a public library in Oregon
- We are meeting 242 of the total 319 attributes scored, which is about 76%
- 25 of the 52 indicators are being met at 90% and higher
- Percentage of indicators we are meeting:
 - Essential—87.5%
 - Enhanced—66%
 - Exemplary—67%
- Overall score of 76% for the PLD Standards

Scoring

Below are scores at the indicator level. The attributes are scored in the full PLD Standards document. See Library Director for more information.

***Note:** No partial scores are given for partial completion or in-process plans. This is to maintain clarity and objectivity in scoring and to make gaps and priorities more visible for future strategic planning and resource allocation.

- Scores of 90-100% are in green.
- Scores of 51-89% are in yellow.
- Scores of 0-50% are in red.

Next Steps

Over the next 6–12 months, library staff, in collaboration with other City departments and with support from advisory and support boards, will develop and implement an improvement plan to achieve the *Essential* indicators across all seven standards. This work will be guided by the Library’s strategic plan, available resources, and the identified needs of patrons and the broader community.

Since the Canby Public Library is meeting 87.5% of the *Essential* indicators, this improvement plan will concentrate on the number of outstanding indicators while sustaining existing strengths. This work will be monitored and evaluated on an ongoing, annual basis to ensure accountability, sustainability, and continued alignment with community expectations and best practices in public library service. Overall, the Canby Public Library is well positioned to achieve *Essential* compliance through targeted, sustainable improvements that build on existing strengths and align with the Library’s strategic priorities and community needs, as long as their is operational budgetary support outside of Library District funds.

2026 Library Advisory Board (LAB) Input Survey

7. How satisfied are you with the current LAB meeting structure and agenda format?

6 responses

8. What changes or improvements would make LAB meetings more useful for you?

3 responses

Meetings have been well organized; we're not getting side-tracked which I appreciate

I'd really like to start working on agenda items that we've been forced to keep pushing back because of the budget and LDAC issues. (Like the Duties and Powers)

The meetings are very informational. I think we need to plan time in meetings to work on projects. There are things we need to discuss as a board that take a backseat month after month.

9. Is there anything else you'd like the Library Director, LAB Chair, or LAB to consider in the coming year?

2 responses

Perhaps there are ways board members could lighten your load a bit. Consider sharing tasks that don't have to have your personal attention and put us to work.

No :)

Introduction

The Public Library Division (PLD) of the Oregon Library Association (OLA), in association with the State Library of Oregon, has assumed responsibility for the maintenance of the Standards for Oregon Public Libraries (Standards) and therefore has regularly convened committees of library professionals from small, medium, and large public libraries across Oregon to continually update the Standards.

Under the direction and leadership of the Executive Board of the Public Library Division of the Oregon Library Association, the 2019-2020 Standards Committee updated this document to assess and guide the development of quality library service for all Oregonians. It is the intention of the committee to provide a relevant and useful tool for library professionals, boards of directors, and other library stakeholders to not only manage the resources entrusted to them under state law, but also to provide assistance in strategic planning regardless of the current level of services offered.

The Standards Committee recognizes the diversity of libraries across the state and developed these Standards to allow for the strength this diversity creates, and the adaptability it requires. By meeting these Standards, a library establishes a baseline from which it can strive for excellence. To better support innovation in library services, the Standards establish a starting point that library boards and staff can use to direct local long-range planning efforts.

The Standards Committee reviews the standards annually and encourages feedback from library directors and managers. The committee also invites Oregon librarians to apply to serve on the Standards Committee. To offer feedback or apply, please contact the Public Library Division of OLA.

How to Use These Standards

As an aid in planning, the Standards checklists provide the means by which library stakeholders can discuss and determine how a library addresses or should address each standard category.

These Standards are not intended to be a one-size-fits-all set of elements that all libraries must meet. Some libraries now plan and carry out activities that exceed many or all of those listed, while others may be constrained by resources or circumstances in ways that make achieving many of the basic ones difficult. Every community is different. What is important is that the director, staff, board, and community constantly review where you are, where you want to be, and what it will take to get there. These checklists are intended to provide guidance for that journey.

Process

The Public Library Division recognizes that there are many ways to achieve excellence. The Standards listed are a means, and not necessarily an end. The format of this document is designed to help you clarify when you have met a Standard with the use of Indicators and Attributes.

In each section, the **standard** states the ultimate **outcome** or condition for the work being done that is expected when most or all of the indicators exist. For example, “The community has access to free library services and is confident in the effective leadership of the library, including the library’s commitment to intellectual freedom for community members.” The standard typically indicates **why** a library would take on a set of activities, and typically reflects a benefit to library patrons or the wider community.

The **indicator** is **evidence** that the standard is being met. When most or all of the indicators are true, the outcome stated by the standard will be realized. For example, “The community is confident that its library is overseen by a library board and staff who are responsible public officials and stewards.” The indicator often specifies **what** is witnessed as a result of a set of activities.

The **attribute** is one of the tangible **activities** that lead to an indicator being true. When most or all of the attributes are performed, the indicator is witnessed. “The library board of directors meets regularly and has adopted written bylaws or governance policies.” The attribute typically is **how** an initiative is being carried out, and is typically measurable or otherwise verifiable.

Additionally, each attribute is categorized by achievement levels:

- **Essential:** the basic level; library programs, services, and other aspects are adequate to meet the needs of its community.
- **Enhanced:** this level recognizes programs, services, and other aspects of a public library that stand out compared to their peers.
- **Exemplary:** this level recognizes public libraries for being state and national leaders.

Achievement of attributes in the three levels prove the extent to which that particular standard is being met. For each attribute simply check the Yes or No box if your library meets that attribute. For the purposes of assessment and planning, there is no “grade.” However, **every library should strive to meet most, if not all, the Essential attributes for each Indicator for each Standard.**

For example, here’s how one library might complete the checklist from Section 4, Services and Programs Standard:

Indicator: The library provides services free of charge to everyone, as defined by written policies.	Y	N
Essential		
<ul style="list-style-type: none"> • The library offers services that include a circulating collection, public technology, and programming for all ages. 	Y	
<ul style="list-style-type: none"> • The library provides services that meet the needs of the community’s demographics including special populations. 	Y	
Enhanced		
<ul style="list-style-type: none"> • The library facilitates or serves as custodian of local history. 		N
Exemplary		
<ul style="list-style-type: none"> • The library provides notary services. 		N
<ul style="list-style-type: none"> • The library provides resources and services to support local economic development. 	Y	

Review the items marked No, and determine whether these are attributes that would be appropriate and beneficial to add, as dictated by your strategic plan, available resources, and the needs of your patrons and the community.

Each indicator has a list of essential attributes. Some indicators also have enhanced and exemplary attributes. For those indicators that do not have enhanced or exemplary attributes listed, feel free to use those spaces for your library's examples of current or future goals.

This Standards document includes an appendix with a glossary of terms and list of references and resources for further research.

Minimum Conditions for Oregon Public Libraries

In 2019, the Oregon legislature passed [House Bill 2243](#)¹, which updates the legal definition of a public library and establishes minimum conditions for a legally established public library in the state of Oregon.

The legal definition is as follows:

“Public library” means a public agency that provides to all residents of a local government unit free and equal access to library and information services that are suitable for persons of all ages.

As required by the bill, the State Library Board approved the minimum conditions, which were developed by a rulemaking advisory committee. The minimum conditions were broadly based on the "minimum requirements" developed previously by the OLA PLD. The minimum conditions became effective on January 1, 2020 as [Oregon Administrative Rule \(OAR\) 543-010-0036](#)². To be considered a public library, the library must meet the following minimum conditions:

- Include financial support from public funds and regularly scheduled open hours; and
- Provide reasonable exemptions to libraries with service populations of 2,000 or fewer residents of the local government unit.

For background on the development of the minimum conditions, see the [Minimum Conditions for Public Libraries in Oregon](#)³ page on the State Library website.

The minimum conditions became effective on January 1, 2020 as [OAR 543-010-0036](#) and are as follows:

(1) The State Library Board will officially recognize those public libraries that become legally established under one of the methods described in ORS 357.216-286 or 357.400-621 and have met all minimum conditions.

(2) Libraries, that have a service population of over 2000, shall meet the following minimum conditions:

¹ Oregon House Bill 2243,

- (i) Provide basic services for reference and youth services.
- (j) Complete the annual statistical report as required under ORS 357.520 and OAR 543-010-0035.

(3) Libraries, that have a service population of 2000 or less, shall meet the following minimum conditions:

- (a) Have at least one fourth (25%) of its operational financial support from public funds.
- (b) Be open to the public a minimum of 10 hours per week.
- (c) Provide a collection comprising books, media, or electronic resources.
- (d) Offer at least one free public access computer with internet access.
- (e) Offer free public wireless internet access (wi-fi).
- (f) Provide a website that enables local library users to access State Library of Oregon resources and services available to all Oregon residents.
- (g) Dedicate at least 0.25 full-time equivalent (FTE) paid staff time exclusively to library functions.

(h) Have basic policies in place and accessible online for collection management, circulation, and patron confidentiality that incorporate relevant American Library Association (ALA) professional ethical codes, rules, and guidelines.

(i) Provide basic services for reference and youth services.

(j) Complete the annual statistical report as required under ORS 357.520 and OAR 543-010-0035.

1. Governance Standards

The OLA Public Library Division Governance Standards ensure that each Oregon public library is legally established and managed in a way that provides transparency and accountability to the taxpayers. Governance standards also ensure that Oregon public libraries are responsive to the community served, with policies and procedures adopted to establish competent library management and lawful employment practices.

2. Staff Standards

Public libraries are thriving learning centers, community gathering places, and places of play and discovery. Library staff members create and maintain programs and services integral to the mission of the public library in relation to its community. The OLA Public Library Division Staff Standards support the processes and resources necessary to provide equitable, consistent, and quality service in a manner sustainable for the future.

Library staff members, regardless of degree or position, must possess the depth and breadth of knowledge necessary to provide quality service. To ensure service of the highest quality, libraries must provide all staff with the education, training, and support necessary to identify and meet the needs of their patrons and community, including demographic changes in their service area.

2.1 Human Resources

STANDARD: The community is served by library professionals with the skills, knowledge, and abilities to provide uncompromising access to information in service to the public and social wellness.

3. Materials Standards

Providing access to books and other materials and information resources is integral to the public library. The OLA Public Library Division Materials Standards address the importance of developing a collection of materials that is reflective of and responsive to the community which the library serves. In addition to outlining a strategic approach to all steps related to material acquisition, access, and assessment, the Materials Standards also acknowledge the need for a dynamic approach to technology as it affects library collections. Beyond the need to provide access to both print and electronic resources as appropriate for the community served, these standards embrace the value added by collaboration and cooperation, from allowing for material requests from members of the community to engaging in resource sharing.

3.1 Collection Management

STANDARD: The library will obtain, organize, and make conveniently available to all the people of the community educational, recreational, and informational materials in convenient forms, including print, non-print, and electronic.

5. Technology Standards

The OLA Public Library Division Technology Standards address the use of technology to connect the library to the community, helping community members gain value from their use of technology, and managing technology infrastructure in the library organization.

These standards are broad enough to account for rapidly changing library technology programs and services while yet guiding libraries to a higher level of technological achievement.

These standards are based on the benchmark framework of the [Edge Initiative](#)¹² for public libraries. The more detailed Edge Initiative assessment is recommended for technology best practices in public libraries.

5.1 Technology Access and Assistance

STANDARD: Community members have access to software and online information at the library so they can use the digital resources they need and want, increasing the level of digital literacy in the community.

7. Facilities Standards

As a community commons, library facilities should provide the physical space where Oregonians can connect to people, ideas, and information. Library facilities should be welcoming, comfortable, efficient, and allow for flexibility of space, service, growth, and community priorities. Each library should consider and reflect its own unique community. OLA encourages library leaders to consider excellence in facilities by looking at best practices and the facilities of those libraries that succeed at providing, meeting, and surpassing community needs. These OLA Public Library District Facilities Standards address the library facilities as a community anchor, library design, and facilities assessment and long-term planning.

Please note: Some topics relating to facilities are addressed in other sections of this Standards document, such as Governance and Technology. Please see those sections to ensure all aspect of a facilities review occurs.

Appendix A: Glossary

ADA Americans with Disabilities Act. The federal law that ensures protections and accessibility provisions for people with disabilities.

adaptive equipment and software Any tool, device, machine, or computer application that assists people with disabilities with activities of daily living like eating, typing, walking, reading, or driving.

advocacy The promotion of library initiatives like funding measures and capital campaigns.

attribute One of the tangible activities that lead to an indicator being true. When most or all of the attributes are performed, the indicator is witnessed. The attribute typically is how an initiative is being carried out, and is typically measurable or otherwise verifiable.

capital improvement The addition of a permanent structural change or the restoration of some aspect of a property that will either enhance the property's overall value, prolongs its useful life, or adapt it to new uses.

collection The curated set of books, media, digital resources, and other materials available for circulation or reference in a library.

collection management The discipline of selecting, acquiring, and weeding the books, media, digital resources, and other materials in the library's catalog to maintain a relevant and up-to-date collection that serves the library's patrons.

community engagement The participation of the library in the work of its community as well as the participation of community members in the work of the library.

digital catalog An electronic searchable bibliographic database that lists and describes the books, videotapes, periodicals, and other materials that make up a specific library's collection.

digital literacy The ability to use information and communication technologies to find, evaluate, create, and communicate information, requiring both cognitive and technical skills.

diversity The practice or quality of including or involving people from a range of different social and ethnic backgrounds and of different genders, sexual orientations, and so on.

Edge The set of tools public libraries can use to evaluate their public technology offerings against a national set of technology benchmarks.

enhanced achievement The intermediate level of library programs, services, and other aspects of a public library that stand out compared to its peers.

equity The fair treatment, access, opportunity, and advancement for all people, while at the same time striving to identify and eliminate barriers that have prevented the full participation of some groups.

English Language Learner (ELL) An individual who is learning the English language in addition to their native language or other languages they might speak.

essential achievement The basic level of library programs, services, and other aspects of a public library which adequately meet the needs of its community.

exemplary achievement The high level of accomplishment which represents leadership on the state and national level of library programs, services, and other aspects of a public library.

inclusion The practice or policy of providing equal access to opportunities and resources for people who might otherwise be excluded or marginalized, such as those who have physical or mental disabilities and members of other minority groups.

indicator Evidence that a standard is being met. When most or all of the indicators are true, the outcome stated by the standard will be realized. The indicator often specifies what is witnessed as a result of a set of activities.

information literacy A set of abilities requiring individuals to recognize when information is needed and then to be capable of locating, evaluating, and using that information effectively.

integrated library system (ILS) The digital catalog of a library's collection and patron information in an automated computer system.

interlibrary loan service (ILL) The service of allowing borrowing privileges across multiple library systems.

materials See *collection*.

outcome-based survey The list of questions designed to measure whether particular individuals have credibly demonstrated a positive change or condition as a result of a program or service.

professional development Staff training that provides for staff staying current with trends and professional growth.

programming The offerings of programs, workshops, and other events by the library.

public access technology The services and resources that offer technology access to library patrons. Example include public access computers, lendable mobile devices, high-speed Internet access (wi-fi) at the library.

read-along program An event that allows reading text simultaneously with another person or automated performance, as on a television program.

readers' advisory service The process of matching readers with books and books with readers.

reconsideration of materials The practice of responding to patron requests to reclassify or remove a book or other item in the library collection.

resource-sharing consortium A cooperative of libraries that shares resources and collaborates on shared goals, thus enabling member libraries to collectively deliver higher quality services than they would be able to deliver individually.

standard The ultimate outcome or condition of library services, programs, and operations; used to assess and develop a baseline of quality library service.

World Wide Web Consortium (W3C) The international community that develops open standards to ensure the long-term growth of the worldwide web.

Appendix B: Code of Ethics of the American Library Association

As members of the American Library Association, we recognize the importance of codifying and making known to the profession and to the general public the ethical principles that guide the work of librarians, other professionals providing information services, library trustees and library staffs.

Ethical dilemmas occur when values are in conflict. The American Library Association Code of Ethics states the values to which we are committed, and embodies the ethical responsibilities of the profession in this changing information environment.

We significantly influence or control the selection, organization, preservation, and dissemination of information. In a political system grounded in an informed citizenry, we are members of a profession explicitly committed to intellectual freedom and the freedom of access to information. We have a special obligation to ensure the free flow of information and ideas to present and future generations.

The principles of this Code are expressed in broad statements to guide ethical decision making. These statements provide a framework; they cannot and do not dictate conduct to cover particular situations.

- I. We provide the highest level of service to all library users through appropriate and usefully organized resources; equitable service policies; equitable access; and accurate, unbiased, and courteous responses to all requests.
- II. We uphold the principles of intellectual freedom and resist all efforts to censor library resources.
- III. We protect each library user's right to privacy and confidentiality with respect to information sought or received and resources consulted, borrowed, acquired or transmitted.
- IV. We recognize and respect intellectual property rights.
- V. We treat co-workers and other colleagues with respect, fairness and good faith, and advocate conditions of employment that safeguard the rights and welfare of all employees of our institutions.
- VI. We do not advance private interests at the expense of library users, colleagues, or our employing institutions.

- VII. We distinguish between our personal convictions and professional duties and do not allow our personal beliefs to interfere with fair representation of the aims of our institutions or the provision of access to their information resources.

- VIII. We strive for excellence in the profession by maintaining and enhancing our own knowledge and skills, by encouraging the professional development of co-workers, and by fostering the aspirations of potential members of the profession.

Adopted June 28, 1995, by the ALA Council¹⁸

Acknowledgments

Ensuring that the Public Library Standards document reflects current best practices for public libraries and is well-organized and easy to use is a commitment made by OLA's Public Library Division to Oregon's public libraries. This assurance is possible because of the hard work of several people, whose passion for public libraries is evidenced through their dedication to improving the Standards.

Continuity through different versions of the Standards is possible because of the wonderful people at the State Library of Oregon and several past and current members of the Public Library Division who all want to see that the very best document possible is available to Oregon libraries.

The Public Library Division gratefully acknowledges MaryKay Dahlgreen, Darci Hanning, Karen Muller, Maureen Cole, Kate Lasky, Pam North, Hillary Ostlund, Denise Holmes, Janelle Youngblood, Emily David, and Adrienne Doman-Calkins for their work establishing these Standards. The Public Library Division also recognizes members of the 2018-2020 Standards Committee: Buzzy Nielsen, Adrienne Doman-Calkins, Darci Hanning, Denise Holmes, Emily David, Greg Williams, Janelle Youngblood, Jerianne Thompson, Karen Muller, Kristen Brodbeck-Kenney, Kate Lasky, Maureen Cole, MaryKay Dahlgreen, Samantha Pierson, Stacy Johns, and Erin Wells.

THIS IS A DRAFT

30-second elevator speech version

The Canby Public Library is doing strong work for our community, but we're being asked to do more with less. Our top priorities are expanding digital materials, reopening Sundays, hiring a bilingual staff member, and building real outreach capacity—none of which are possible without additional City investment (especially when it comes to staffing). The *Oregon Library Association* sets minimum standards so every resident has fair access to information, technology, and programs. Right now, Canby meets 87.5% of those *essential* standards, which means we're close—but not there yet. Meeting those basics should be the City's responsibility, not left to volunteers or donations/fundraising. Investing in the library is investing in education, connection, and opportunity for every person in Canby.

Longer, detailed version

Current Library Priorities / Wishlist:

- Increase the budget for digital materials: eBooks, eAudiobooks, and eMagazines
- Reopen on Sundays – possible only with additional staffing
- Hire a bilingual staff member to better serve Spanish-speaking residents
- Add dedicated outreach capacity
 - Hire an outreach staff person or expand hours for a current part-time role
- Increase the on-call staffing budget to improve coverage and flexibility

Responsibility for Meeting Standards:

- Meeting minimum *Oregon Library Association* (OLA) Standards should be a City responsibility, not something left to *Friends* groups or other support organizations.
- The OLA Standards are:
 - Professional guidelines for staffing, services, access, and collections
 - A practical benchmark for quality and responsible use of public funds
 - A “health checklist” that ensures residents receive fair, reliable access to information, technology, and programs
 - A way to demonstrate accountability and commitment to the community

Where We Stand Today:

- We currently meet:
 - 87.5% of *Essential* (minimum) standards
 - 66% of *Enhanced* standards
 - 67% of *Exemplary* standards
- Every library should strive to fully meet the *Essential* standards as a baseline for equitable service.
