Medical Practitioner means licensed pharmacist; licensed and regulated members of a health care service providing organization able to administer controlled substances to patients under Oregon law.

B. B. Variances. Any person who owns, controls or operates any sound source which violates any of the

provisions of this chapter may apply, in writing, to the City Council for a variance from the provisions. Any person who is planning a noise source which is expected to violate any provision of this chapter may apply to the City Council for a variance from the provisions. Any person granted a variance under this chapter may apply for renewal of that variance upon its expiration. The renewal application shall be processed just as if it was an initial application.

1. Application. An application for a noise variance shall be made on forms provided by the City Recorder's Office. The application shall be accompanied by all the required information and fees. If more than 1 date is being requested for a noise variance at 1 location, they can be on 1 application. The written application shall state the provision from which a variance is being sought, the period of time the variance is to apply, the reason for which the variance is sought, and any other supporting information which the City Council may reasonably require. A list of property owners within 200 feet of the location of the variance shall be provided by the applicant with the application.

2. Review Standards. In establishing exceptions or granting variances, the City Council shall consider:

- a. The protection of health, safety and welfare of citizens as well as the feasibility and cost of noise abatement;
- b. The surrounding type of existing land use;
- c. The acoustical nature of the sound emitted; and
- d. Whether compliance with the provision would produce a benefit to the public.

3. Time Duration of Variance. Any variance shall be granted for a specific time interval, not to exceed 1 year.

4. Public Notification and Public Hearing.

a. Notice of the public hearing shall be published in a newspaper at least 10 days prior to the public hearing.

b. Notice of the public hearing shall be mailed to all property owners within 200 feet of the location for the variance at least 10 days prior to the public hearing.

c. The City Council shall hold a public hearing before the granting of a variance.

5. Variances.

a. Conditions for Granting. The City Council may grant specific variances from the particular requirements of any rule, regulation or order, to specific persons, class of persons or specific noise source upon those conditions as it may deem necessary to protect the public health and welfare, if it finds that strict compliance with the rule, regulations or order is inappropriate because of conditions beyond the control of the persons requesting the variance; because of special circumstances which would render strict compliance unreasonable or impractical due to special physical conditions or cause; because strict compliance would result in substantial curtailment or closing down of a business, plant or operation; or because no other alternative facility or method of handling is yet available. Granting of the variance shall not be materially detrimental to other property within the same vicinity and the variance requested shall be the minimum which will alleviate the hardship.

b. Revocation or Modification. A variance granted may be revoked or modified by the City Council after a public hearing held upon not less than 20 days' notice. The notice shall be served upon the holder of the variance by certified mail and all persons who have filed with the City Council a written request for this notification.

6. Emergency and Safety Hazard. In the case of an emergency or safety hazard, the City Administrator or his or her designee may revoke a variance immediately by setting forth the nature of the emergency or hazard in a letter mailed or hand-delivered to the holder of the variance. A public hearing before the City Council shall be held at the next regularly scheduled City Council meeting following the revocation to reverse, affirm or modify the revocation action.

(Am. Ord. 1373, passed 5-1-2013)

§ 9.48.060 Chapter additional to other law.

The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other claim, cause of action or remedy; not unless specifically provided shall it be deemed to repeal, amend or modify any law, ordinance or regulation relating to noise or sound, but shall be deemed additional to existing legislation and common law on the subject.
