Title VI Complaint Procedure (English) (Spanish- Appendix B)

Any person who believes he or she has been discriminated against on the basis of race, color, or national origin by the City of Canby- Canby Area Transit may file a Title VI complaint by completing and submitting the agency's Title VI Complaint Form which can be accessed as indicated in the notice above. Our process for addressing a civil rights complaint is as follows:

- Once the complaint is received, CAT will review it to determine if the City has jurisdiction. The complaint will be logged and the complainant will receive an acknowledgement letter within 14 days informing her/him whether the complaint will be investigated by our office.
- Any complaint CAT receives that deals with federal civil rights issues will be reviewed by the Transit Director and forwarded to the City Administrator, Risk Manager, and City Attorney.
- Once the City logs the complaint CAT has 60 days to resolve the issue, not including the appeal process.
- An investigation will be conducted which will include the basis of the alleged complaint; when and where the incident occurred; and, as necessary, the identification and interview of involved parties, the review and pertinent documents and other factual information from appropriate sources.
- In the case of federal civil rights issues, all information and discussions relating to the investigation are maintained and retained in an investigation file. Information will be kept as confidential as possible.
- Based upon conclusion of a thorough investigation the City of Canby- CAT will follow up with the complainant. This follow up will include one of two letters to the complainant: a closure letter or a letter of finding (LOF). A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed. An LOF summarizes the allegations and the interviews regarding the alleged incident, and summarizes the findings and suggests appropriate action along with proposed resolution.
- If the complainant wishes to appeal the decision, he/she has 14 days after the date of the letter or the LOF to submit in writing a request for an appeal to the Transit Director for review by the Transit Advisory Committee (TAC). The complainant may have an opportunity to be heard in person at a TAC meeting. Following the TAC review and recommendation the City Council will make a final decision.

Title VI Complaint Form (English & Spanish)

Refer to *Appendix C and D*

Transit-related Title VI Investigations, Complaints and Lawsuits

The City of Canby maintains an active log of all civil rights complaints. A copy of the current log is available upon request by submitting a public records request. A public records request is available on the City website at the following link; [City of Canby Public Records Request](#).

CAT has no Title VI complaints, investigations, or lawsuits filed against it.

Public Participation Plan

The City of Canby-CAT's public involvement strategy offers continuous opportunities for the public to be involved in proposed transportation decisions, such as service design changes, new services, fare changes, and changes of service policy. The primary mechanism for the public to participate is to attend the monthly Transportation Advisory Committee (TAC) meetings or City of Canby City Council meetings. These meetings are advertised in the local paper and are open public meetings and held in locations that are wheelchair accessible.

All public meetings offer translation services and information in alternate formats and minutes from the meeting are available in English and other languages upon request. The TAC meeting is held the third Thursday of each month at Canby City Hall, 182 North Holly Street, Canby, Oregon, Conference Room 5:30 – 7:00. The City Council meetings are held monthly on the first and third Wednesdays at 155 NW 2nd Avenue, Canby, Oregon. City Council meetings are also broadcast live over the local cable television station.

CAT meets the goals outlined in the Oregon Department of Transportation Public Transit State Management Plan for public involvement. CAT seeks out and considers the viewpoints of minority, low-income and LEP populations in the course of conducting public outreach and involvement activities. (Refer to LEP plan attached). CAT provides private sector providers with a reasonable opportunity to comment on plans, programs, and to be included in coordinated plans. The following is a general description of CAT processes, which vary depending on the subject, purpose and scope of the program, policy or decision.

- a. Rider and general public surveys
- b. Open public meetings (TAC, City Council, Planning Commission)
- c. Technical work groups
- d. Website information
- e. Solicitation of comments
- f. Involve customers and potential customers in development of plans, policies, service changes, and funding decisions. CAT conducts broad outreach during planning processes such as Transit Master Plan or ADA plan updates or major service changes and riders, general public and stakeholders are notified and invited to participate and comment.
- g. Make plans available in alternate formats, Spanish, and other languages as necessary and hold public hearing (s) with adequate notice of the hearing, including advertisement in local paper, on website, and to special interest circulation.
- h. Develop contacts and mailing lists for LEP and ADA customers and transit stakeholders

Summary of Public Participation Efforts

CAT complies with grant-related public involvement requirements as defined by grant application documents. The following is a summary of CAT's public participation efforts over the last few years.

Printed Materials:

CAT has translated service information on CAT's website and published materials into Spanish. General information about CAT services is posted on CAT's website in English and Spanish and translations to other languages are available upon request. Fixed route schedules and Dial-A-Ride service information are printed and distributed in English and Spanish. Outreach materials, surveys, flyers, press releases and meeting notices for major service changes are available in English and Spanish.

Phone Access:

CAT's phone system includes a Spanish option on the CAT recorded messages. CAT contracts for translation services through Certified Languages International and Passport to Languages to provide verbal, written and in person translation services whenever necessary. Dispatchers are able to connect non-English speaking customers to a translator to respond to questions about CAT services.

Planning and Service Changes

Since 2007 CAT has conducted outreach to the Limited English Proficiency populations in Canby. CAT developed surveys, held public meetings in English and Spanish when developing its initial Transit Master Plan process in 2007/2008.

In 2011 CAT instituted major service changes including service reduction, elimination of fixed routes and addition of general public Dial-A-Ride. CAT notified riders with notices in English and Spanish posted on all buses, the website, at transit center and transit hubs. CAT notified the schools and worked with the Spanish librarian to get information distributed to the Latino community. Information was also distributed at apartment complexes and churches with high concentration of LEP populations. Public meetings were held on June 8, August 8, and September 14, 2011 and the public was also able to make comment at City Council meetings held on the first and third Wednesday of each month.

Implementation of Fare

CAT implemented a General Public Dial-A-Ride \$1 fare on January 2, 2012 and implemented the fare system wide on October 1, 2012. The suggestion to charge a fare came from customer input received at the public meetings regarding service reduction held in August and September of 2011. The Transit Advisory Committee acted on this input on October 12, 2011 by recommending that the City Council consider implementing a \$1 fare. On November 16, 2011 the City Council adopted Resolution 1117 which established the fare which was implemented in stages. In 2013 the Transit Advisory Committee recommended to the City Council that the Discounted Monthly Pass be eliminated and all Monthly Passes be sold at the discounted price of \$20. The council acted on the recommendation with Resolution 1179 which took effect on April 1, 2014. These changes were posted on vehicles, the CAT website, and at the Canby Transit Center (in English and Spanish). The changes were also presented in press releases and on the agenda for both Transit Advisory Committee meetings and City Council meetings with opportunities for public input.

Future Planning Efforts

In early 2015 CAT will be updating its Transit Master Plan and will continue public participation efforts designed to gather input and feedback from riders, stakeholders and LEP populations in Canby.

Language Assistance Plan

According to 2010 Census data, the CAT service area¹ population is approximately 20.3 percent Hispanic or Latino. In the City of Canby the population is approximately 21.3 percent Hispanic or Latino². In the CAT service area all other races and ethnicities comprise 4 percent of the total population. However, according to the 2012-2013 *Canby School District Report Card* an average of 24.5% of enrolled students (K-12) are classified as English Learners with as many as 10 different languages spoken.

CAT's services are important to all populations served. Services help all riders, including Hispanic and Latino individuals access a wide range of services in the community. Although it is unknown whether non-English speakers use CAT's services more or less frequently than all riders as a whole, CAT has determined that Spanish language translation services are needed because of the high number of Hispanic and Latino individuals living in the community. CAT's Language Assistance Services

- Translation of written materials: CAT has translated service information on CAT's website and in published materials into Spanish.
- Ad hoc language translation services: Ad hoc language translation services are available for Spanish and other languages as needed for individuals who call CAT. CAT contracts with a translation service that offers verbal, written, and in person translation for Spanish and other languages as requested.

LEP Monitoring and updates to this plan

CAT monitors the linguistic needs of its riders both formally and informally. Formally, CAT reviews available census data during each decennial census to determine whether adjustments to this LEP plan are required. CAT also maintains communication with The Canby School District to monitor demographic trends at a micro level. These data sources, combined with informal reports from the community help CAT maintain a current understanding of local linguistic patterns. Changes to the LEP plan are determined by the TAC and Canby City Council.

Employee LEP Training

CAT does not train employees to provide language assistance services to LEP persons at this time.

¹ See *Appendix E, F, G, and H* for additional details.

² According to American Community Survey 16.2% of Latino residents in the service area 5 years and older speak Spanish at home. Refer to *Appendix G*

Minority Representation Table

	Caucasian	Latino	African American	Asian American	Native American
Service Area Population	75.7%	20.3%	.2%	1.1%	.8%
City Council	100%	0%	0%	0%	0%
TAC Committee	85.8%	14.2%	0%	0%	0%

Title VI Equity Analysis

CAT is aware of Title VI requirements to conduct equity analyses for all facility construction projects. CAT will follow requirements under the National Environmental Policy Act and other overarching planning processes to guide equitable consideration of facility sites and impacts.

Fixed Route Service Standards & Policies

Vehicle load

The average of all loads during the peak operating period does not exceed vehicles' achievable capacities. CAT owns 3 35' coaches (seating capacity 33-35), 8 minibuses 21' – 26' (seating capacity 14-21), 1 minivan (seating capacity 3)

Vehicle Headway

Commuter Service to Oregon City operates on approximately 60 minute headways during non-peak hours and 30 minute headways during peak hours from 5 am to 8 pm Monday through Friday. Commuter service to Woodburn is limited with service approximately every 2 ½ hours from 6:30 am to 7:00 pm. The only fixed-route service at this time is along Highway 99E within the City of Canby. CAT offers a General Public Dial-A-Ride service to all individuals traveling within the Canby Urban Growth Boundary between 8 am to 6 pm Monday through Friday. For customers who qualify CAT also provides Paratransit services within Canby and a premium service which operates from 6 am to 8 pm Monday to Friday. Scheduling involves the consideration of a number of factors including: ridership productivity, transit/pedestrian friendly streets, density of transit-dependent population and activities, relationship to the Regional Transportation Plan, relationship to major transportation developments, land use connectivity, and transportation demand management.

On time performance

CAT's 2013/14 on time performance for the Orange Line commuter route was 99.49 % and 97.96% for Dial-A-Ride service.

Service availability

CAT operates transit services in a slightly enlarged Canby Urban Growth Boundary. The service area is approximately 51.7 square miles. Countywide there are approximately 200 persons per square mile. CAT service area has a population of 17,097. The general public Dial-A-Ride is

available to 100% of the residents living within the service area. (*Appendix F*). The commuter fixed route service travels on Highway 99 from Woodburn to Oregon City and is available within 1 mile of 63% of residents within the CAT service area. CAT makes connections with TriMet in Oregon City and Woodburn Transit in Woodburn.

Amenities

There are three key transit centers within the City of Canby. CAT owns and operates the transit center located at 100 NE 1st Street which includes a driver break-room and public restroom, clock gazebo, 2 bus shelters, information kiosk and 7 reserved park and ride parking spaces. There are two transit hubs owned by private businesses. These hubs are located at Canby Square near Safeway and Canby Market Place near Fred Meyer. More than 70 bus stop signs will be installed in 2015.

Vehicle Assignment Policy

Vehicles are assigned based on the type of service being provided and operating characteristics of the route or demand response service. Try to get miles on older vehicles on Dial-A-Ride

Español- Apéndice B: Título VI Procedimiento para Presentar Reclamos

Toda persona que cree que ha sido discriminada por su raza, color, u origen nacional, por el Área de Transito de la Ciudad de Canby, puede presentar un reclamo Título VI, al completar y entregar el Formulario de Reclamo Título VI, que se puede obtener como indicado arriba. El procedimiento que nosotros seguimos para recibir un reclamo sobre los derechos civiles, es el siguiente:

- Una vez que se haya recibido el reclamo, CAT lo revisará para determinar si la Ciudad tiene jurisdicción. Se tomará nota de la recepción y el reclamante recibirá una carta aviso dentro de los 14 días, informándole si se procederá a investigación.
- Todo reclamo que reciba CAT que tiene que ver con asuntos de derechos civiles a nivel federal, será revisto por el Director de Tránsito, y enviado al Administrador de la Ciudad, el Encargado de Riesgos y al Fiscal de la Ciudad.
- Una vez que la Ciudad tome nota del reclamo, CAT tiene un plazo de 60 días para resolver el asunto, sin incluir el proceso de apelación.
- Se llevará una investigación que incluirá el fundamento del supuesto reclamo; cuándo y dónde ocurrió el incidente; y, si es necesario, la identificación y entrevista de las partes involucradas, la revisión de documentación pertinente, y de otra información fáctica de fuentes apropiadas.
- En casos de derechos civiles a nivel federal, toda información y conversación es respetada, y los documentos relacionados con la investigación serán guardadas en un archivo confidencial
- Al concluir una exhaustiva investigación por parte de la Ciudad de Canby, CAT se pondrá en contacto con el reclamante. Este contacto incluirá una de dos cartas al reclamante: una carta de cierre del caso, o una carta de resumen de lo determinado. Una carta de cierre del caso resume las alegaciones y explica que no se encontró una violación al Título VI, y que por ende el caso se considera cerrado. Una carta de prueba, resume las alegaciones y también las entrevistas del supuesto incidente, y resume la prueba, sugiriendo una acción apropiada a seguir, además de una resolución del caso.
- Si el reclamante desea apelar la decisión, él o ella tiene un plazo de 14 días después de la fecha de la carta cierre o la carta resumen, para presentar por escrito un pedido de apelación al Director de Tránsito, para ser revista por el Comité de Consejos del Tránsito (TAC). El reclamante tendrá oportunidad de ser atendido y oído en persona en una junta del TAC. Después de la revisión y recomendación por parte del TAC, el Consejo de la Ciudad tomará la decisión final.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to non-sampling error (for a discussion of non-sampling variability, see Accuracy of the Data). The effect of non-sampling error is not represented in these tables.

While the 2008-2012 American Community Survey (ACS) data generally reflect the December 2009 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2000 data. Boundaries for urban areas have not been updated since Census 2000. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

- An "" entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
- An "-" entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
- An "-" following a median estimate means the median falls in the lowest interval of an open-ended distribution.
- An "+" following a median estimate means the median falls in the upper interval of an open-ended distribution.
- An "" entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
- An "" entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
- An "N" entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
- An "(X)" means that the estimate is not applicable or not available.

Appendix H: Limited English Proficiency Plan (LEP)

Appendix H: Limited English Proficiency Plan (LEP)

Introduction

Canby Area Transit (CAT), operated by the City of Canby, understands it is critically important to the daily lives of our community members. The purpose of this limited English proficiency plan is to comply with the City's responsibilities to limited English proficient (LEP) persons consistent with Title VI of the Civil Rights Act of 1964 and its implementing regulations. Title VI of the Civil Rights Act of 1964 provides that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program or activity that receives federal financial assistance.

CAT has developed this Limited English Proficiency Plan (LEP) to help identify reasonable steps to provide language assistance for LEP persons seeking meaningful access to CAT services. A Limited English Proficiency person is one who does not speak English as their primary language and who has limited ability to read, speak, write, or understand English.

This plan details procedures on how to identify a person who may need language assistance, the ways in which assistance may be provided, training staff, how to notify LEP persons that assistance is available, and information for future plan updates.

Goals

CAT's primary LEP goals are as follows;

- Comply with federal regulations to "Improve access to services for persons with limited English proficiency" by providing meaningful access to the benefits, services, information, and other important aspects of CAT programs and activities for individuals with limited English proficiency.
- Develop materials, conduct outreach, and distribute information designed to educate both community leaders who serve Spanish speaking LEP populations and LEP community members about CAT services and programs.
- Work with transportation service provider to ensure there is sufficient training of service provider's employees regarding LEP programs and policies.

CAT will use the Department of Transportation four factor LEP analysis which considers the following; 1.) The number or proportion of LEP persons eligible in the City of Canby Urban Growth Boundary (CAT service area) who may be served or likely to encounter a CAT program, activity, or service; 2.) The frequency with which LEP individuals come into contact with CAT services; 3.) The nature and importance of the program, activity or service provide by CAT to the LEP population; and 4.) The resources available to the City/CAT and overall cost to provide LEP assistance. A brief description of these considerations is provided in below.

Four Factor Analysis

1. The number or proportion of LEP persons eligible in the CAT service area who may be served or likely to encounter a CAT program, activity, or service.

According to 2010 Census data, the CAT service area³ population is 17,097 and approximately 20.3 percent are Hispanic or Latino. In the City of Canby the population is 15,829 and approximately 21.3 percent are Hispanic or Latino. In the CAT service area all other races and ethnicities comprise 4 percent of the total population. According to the American Community Survey 5 –year estimate 15.1% of residents in the service area speak Spanish at home. According to the 2012-2013 *Canby School District Report Card* an average of 24.5% of enrolled students (K-12) are classified as English Learners with as many as 10 different languages spoken.

Census data indicates the highest concentration of Latino residents live within the urban growth boundary and within Canby city limits. CAT does not count the number of LEP customers who use CAT services.

2. The frequency with which LEP individuals come in contact with a CAT program, activity, or service.

Considering twenty percent of Canby residents are Latino, it is obvious they come in contact with CAT services. CAT has anecdotal evidence of serving LEP individuals yet there is limited hard data collected. Currently, CAT has information about the frequency with which LEP individuals come in contact with CAT services based on the requests for interpretation services.

In fiscal year 2013/14 CAT received eight calls utilizing Certified Languages International for a total of 27 minutes of translation, averaging 3.375 minutes per call. It appears the numbers are increasing considering as of September, 2014 of this fiscal year, CAT has received six calls with a total of 27 minutes of translation averaging 4.5 minutes per call. There have been no requests for document translation.

Additional hard data collected are applications for paratransit services, surveys for planning or service delivery changes, phone messages, and citizen comment cards at public meetings, and one on one contact with drivers.

CAT will continue to assess the frequency at which drivers and customer service employees have or could possibly have contact with LEP persons. This includes documenting phone inquiries and verbally surveying CAT drivers. CAT is updating the Transit Master Plan in 2015 and to gather

³ There is not a perfect fit between Canby Urban Growth, and Canby Service Area and U.S. Census Tracts. For the purposes of this plan the census tract data is compiled from census tracts 229.01, 229.04, 229.05, 229.06, and 229.07. Tracts 229.04 and 229.07 are entirely within the UGA, all of the most populated parts of 229.05 and 229.06 are in the UGA, and tract 229.01 is split between the UGA and more rural areas to the east of the city. See Appendix F & J.

input from the Latino community, CAT has developed two surveys, an onboard rider survey and a general public survey in Spanish. This will provide additional data on LEP persons using CAT services and those in the community who may be potential customers.

3. The nature and importance of the program, activity, or service provided by CAT to the LEP community.

CAT understands that transportation is critically important to the daily lives of our community members. Certain aspects of our services are of critical importance and this plan will be used to meet the needs of the LEP community. These include services such as: construction projects; property acquisitions; and service area or level changes.

4. The resources available to CAT and costs.

CAT contracts with two translation services;

- 1.) Certified Languages International to provide verbal translation in any language to callers requesting information about CAT services.
- 2.) Passport to Languages to provide written translation services when customers or the public request documents in other languages.

The City has identified in-house staff with other language abilities and this staff has some availability to assist with requests related to all CAT services. The CAT schedule and the Dial-A-Ride brochures are available in Spanish, and service related information on the website has been translated into Spanish. Press releases, advertisements and rider alerts are typically only produced in English yet indicate they are available in Spanish. Larger documents and plans are available upon request. Translating large planning documents can be a cost issue for CAT, because documents of 20 pages or more can cost well over \$500 to be translated. Currently, CAT's costs do not exceed \$1000 a year for translation services. When the City upgraded the phone system a significant investment was made yet only a portion was attributable to CAT and to enhance services for the LEP populations.

Implementation Methods

1. How to Identify an LEP Person who Needs Language Assistance

These methods may be used to help identify persons who may need language assistance:

- Continually monitor Certified Languages International and Passport to Languages requests submitted through CAT dispatchers and office staff.
- Examine records requests for language assistance from past meetings and events to anticipate the possible need for assistance at upcoming meetings;

- When public meetings are held, have a staff member greet and briefly speak to each attendee. To informally gauge the attendee's ability to speak and understand English, ask a question that requires a full sentence reply;
- Provide Certified International cards at public meetings. While staff may not be able to provide translation assistance at this meeting, the cards will be used to identify language needs for future meetings; and
- Regularly survey CAT drivers and other first line staff of any direct or indirect contact with LEP individuals.

2. Language Assistance Measures

CAT has implemented the following LEP procedures:

- CAT has contracts with Certified Languages International and Passport to Languages to provide ad hoc verbal, written, and in person translation services upon request and as needed.
- Public notice, publications, and other printed material are provided in Spanish upon request, and service information is available in Spanish on CAT's website.
- CAT's phone system includes options for Spanish speaking customers.
- CAT has provided Spanish speaking translators at public meetings and events and offers this service upon request for any public meeting.
- CAT has developed a comprehensive contact list ⁴of organizations, schools, churches, apartment complexes and other stakeholders who work with or serve LEP populations.

3. Training – City/CAT Employees and Contracted Personnel

CAT will provide employee training for city employed transit staff and provide information to the Transportation Service Provider so contract staff may be trained on all aspects of the Title VI and LEP. Prior to public meetings at which LEP individuals are anticipated to attend, staff will review the Title VI Plan, including this LEP section.

CAT will ensure the Transportation Service Provider management and employees are familiar with specific procedures to be followed when serving an LEP customer, including how to handle a potential Title VI/LEP complaint.

It is a priority for CAT management to recruit and hire bilingual and or bicultural individuals. CAT management encourages and supports the transportation service provider to conduct recruitment activities such as;

- Attend job fairs targeting the Latino/Hispanic population.
- Place job announcements in local newspapers, on CAT website, in e-mail notifications, and any other medium used to attract potential employees, with a note encouraging

⁴ Refer to Appendix I

- bilingual (English/Spanish)/bicultural individuals to apply.
- Place job announcements in appropriate local publications targeting Spanish-speaking residents.

CAT will continue to work with the Canby School District, the City's Spanish speaking Librarian and the non-profit *Bridging Cultures* to provide input on potential training and outreach opportunities to improve CAT's ability to reach and engage Latino community members.

4. Outreach

General Strategy

This program will utilize existing networks⁵ within the Spanish-speaking community to contact, engage, and educate community leaders serving Spanish-speaking LEP populations and LEP community members about CAT services and programs.

CAT has developed a comprehensive mailing list⁶ of a variety of organizations, churches, schools, apartment complexes, and media outlets etc. that work with or serve the Latino population. CAT will refer to this mailing list to conduct outreach to the Latino community. Specific outreach efforts will vary depending on the project, proposal or activity. Some or all of the following methods may be used:

- Flyers and/or brochures will be made available through local churches, social service agencies, ethnic retail outlets, the school district office and possibly specific schools within the Canby School District, Clackamas Community College, City Hall, the library, apartment complexes with high concentration of LEP populations.
- Other printed materials, such as transit schedules and maps, will be translated and made available on CAT vehicles and at select outlets.
- Paid advertisements and the CAT website will indicate ways in which LEP persons can access information about our services.
- If staff knows that they will be presenting a topic that could be of importance to an LEP individual or if staff will be hosting a meeting or a workshop in a geographic location with a known concentration of LEP persons, meeting notices, fliers, advertisements, and agendas will be printed in an alternative language, based on known LEP population in the area.

⁵ Community-based organizations (CBOs), churches, school district, social clubs, non-profits, business organizations and state, county, and city social service agencies.

Monitoring and Updating the LEP Plan

This plan is designed to be flexible and should be viewed as a work in progress. As such, it is important to consider whether new documents and services need to be made accessible for LEP persons, and it will be important to monitor changes in demographics and types of services. CAT will update the LEP as required by the U.S. DOT. At a minimum, the plan will be reviewed and updated when it is clear that higher concentrations of LEP individuals are present in CAT's service area.

Dissemination of the Limited English Proficiency Plan

CAT will post the LEP Plan on its website at www.canbyareatransit.org. Copies of the plan will be provided to any person or agency requesting a copy. LEP persons may obtain copies/translations of the plan upon request.
