Hi Ryan

We own Canby RV and Boat Storage and have a few questions.
What is the height and construction of the fence and where will this fence be going?
We are curious. We are in favor of protecting ones property.
Just wanted to know where it will be placed and what material construction type they are looking at and since it states you are the City contact, I thought you would be best. Thanks

[REDACTED]

We look forward to hearing from you.

Thanks and best regards,
